INSTALLATION

MINIWEAVE™

Cyclone Miniweave™ has a 60% tighter weave than standard flyscreen, providing the highest level of protection against tiny insects.

An ultra-fine aperture guards against the smallest of insects, allows good ventilation and outward visibility.

If you are located in an area affected by small insects, Cyclone Miniweave™ is the ideal choice.

KEY BENEFITS:

- Tighter weave in comparison to traditional flyscreen guards against the smallest of insects
- Premium weave with high consistency
- Matte charcoal finish reduces sun glare
- Supple, pliable fabric is easy to work

APPLICATIONS:

- Coastal areas or northern regions
- Residential windows and doors
- Patio, verandah and pool enclosures
- Retractable screening systems
